### **Item 7.01 Regulation FD Disclosure.**

On March 11, 2024, United States Antimony Corporation's ("USAC," "U.S. Antimony" or the "Company") Board of Directors announced a plan to discontinue all Latin American operational activities and dispose of its US Antimony de Mexico, S.A. de C.V. ("USAMSA") subsidiary. This decision was made after a detailed, in-depth review into the historical financial performance of these assets and due to USAMSA's negative cash flow cumulatively since inception, which went back many years. When this decision was made, antimony prices were hovering around \$5.00 per pound. Management was successful in terminating certain contracts associated with mining activities in Mexico, which substantially reduced the cash burn associated with those activities.

As of today, April 21, 2025, just over one year from the previous announcement outlined above, the Company has restarted the Madero Smelter Plant located in Coahuila, Mexico. The first antimony ore acquired from international sources arrived at a Mexican port at the end of March 2025. Unfortunately, this material was held up by Mexican customs and tax authorities for more than two weeks. The first load of antimony has now been trucked to our Madero Smelter and is being processed beginning today. The second international antimony supply has also arrived at the Mexican port on April 8, 2025 and is also in the process of being transported to our smelter this week. The third international shipment is presently on the ocean waterways headed to Mexico for arrival within the next several weeks.

It is the Company's goal to be producing approximately 200 tons per month from the Madero Smelter prior to year-end 2025.

The information in this Item 7.01 of this Current Report on Form 8-K is being furnished and shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liabilities of that section, nor shall it be deemed to be incorporated by reference into any filing of the Company under the Securities Act of 1933, as amended, or the Exchange Act, whether made before or after the date hereof, except as shall be expressly set forth by specific reference in such a filing. This Item 7.01 of this Current Report on Form 8-K will not be deemed an admission as to the materiality of any information in this Item 7.01 that is required to be disclosed solely by Regulation FD.
